

It's Time To Clean Up The Cesspool In Albany...

...Legislators take more than \$300,000 from tobacco lobbyists and then fail to fund education programs to discourage kids from smoking. ... Big tobacco, polluters, and others give Albany politicians free dinners, Knicks and Rangers tickets and junkets to the Indy 500. ...

Common Cause, NYPIRG and the League of Women Voters want a complete ban on gifts to legislators, who always somehow repay their benefactors.

The Senate passed a gift ban...

...SO WHAT DID SILVER AND THE ASSEMBLY DO?

They tried to hide their opposition to real reform by passing a sham reform bill that did not reduce the amount of gifts legally allowed by one penny.

Big tobacco money to Albany explains why New York funds its anti-smoking programs for children below recommended levels...

...AND THE RESULT?

More teenage smoking and more early cancer deaths.

THIS HAS GOT TO CHANGE.
